Part I: Marie Curie Actions 2013

I. Marie Curie Actions – Introduction

II. Marie Curie Fellowships

III. Marie Curie Career Integration Grant

IV. Marie Curie Actions – Application and evaluation

Part II: Horizon 2020 - overview

Part III: European Research Council (ERC) Grants

I. ERC – Objectives

II. ERC Starting and Consolidator Grants

Specific Programme PEOPLE = Marie Curie Actions

- > include individual actions
- > open to all areas of research
„bottom up“

Overall strategic objective:

Make Europe more attractive for researchers.

„The Specific Programme [People] aims to **strengthen**, quantitatively and qualitatively, **the human potential in research and technology** in Europe, by stimulating people to take up the profession of a researcher, encouraging European researchers to stay in Europe, and attracting to Europe the best researchers from the entire world.“

(PEOPLE work programme 2013, p. 4)

Early-stage researchers:

- must be [...] in the first four years (FTE*) of their research careers and have not yet been awarded a doctoral degree.
- ➡ starting at the date of obtaining a degree which would formally entitle them to embark on a doctorate

Experienced researchers:

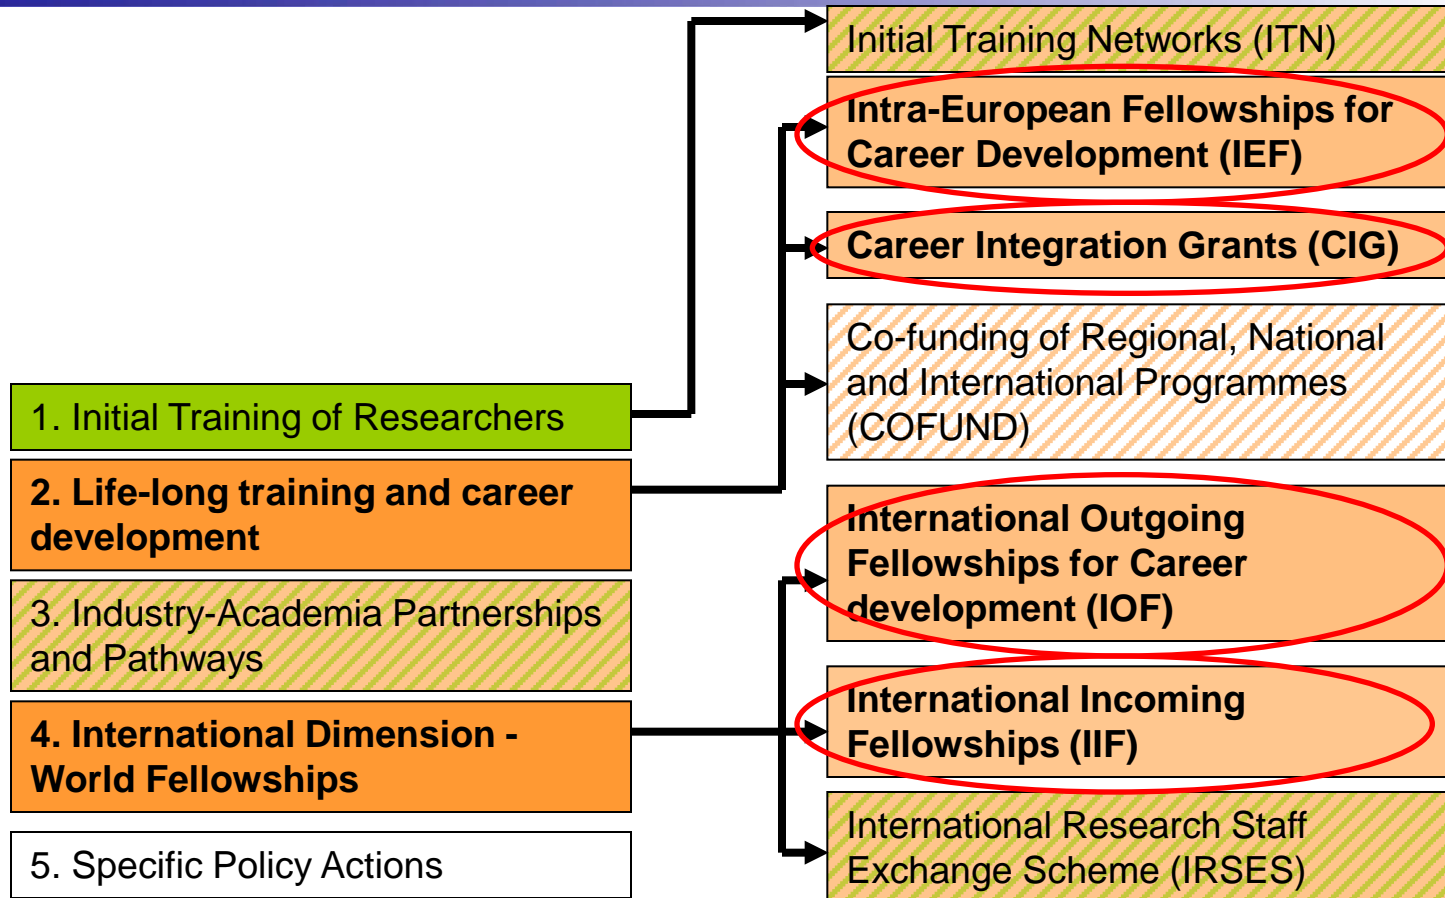

- must at the time of the relevant deadline for submission of proposals [...] be in possession of a doctoral degree
OR
- have at least four years (FTE) of research experience

*full-time equivalent

„At the time of the relevant deadline for submission of proposals, [...] researchers shall **not have resided or carried out their main activity** (work, studies, etc) **in the country of their host organisation for more than 12 months in the 3 years immediately prior to the reference date**. ~~Compulsory national~~ service and/or short stay, such as CERN is not taken into account. ~~As far as international~~ **European interest organisations** or international organisations are concerned, this rule does not apply to the hosting of eligible researchers, however the appointed researcher must not have spent more than 12 months in the 3 years immediately prior to the reference deadline for submission of proposals [...], in the same appointing organisation.“

(PEOPLE work programme 2013, p. 8)

= proposal submitted by one or several organisations („host-driven actions“)

= proposal submitted by an individual researcher in conjunction with the host organisation („researcher-driven actions“)

...of any age, any nationality...

I'm currently working in a MS/AS and I would like to work in another MS/AS

Intra-European Fellowship (IEF)

1-2 years

I'm currently working in a MS/AS and I would like to work in a third country

International Outgoing Fellowship (IOF)

1-2 years + 1 year reintegration phase in MS/AS

I'm currently working in a third country and I would like to work in a MS/AS

International Incoming Fellowships (IIF)

1-2 years+ 1 year reintegration phase if ICPC****

I will move to a European country because I have been offered a (permanent) position there

Career Integration Grant (CIG)

up to 4 years

Deadline: 14 August 2013, 17:00hrs Brussels time

Next cut-off date: 18 September 2013, 17:00hrs Brussels time

*EU Member State

**Associated countries to FP7 (Albania, Bosnia & Herzegovina, Croatia, Faroe Islands, Iceland, Israel, Liechtenstein, Macedonia, Montenegro, Norway, Moldova, Serbia, Switzerland, Turkey)

***countries which are neither EU Member States nor Associated countries

**** International Cooperation Partner Countries (cf. PEOPLE work programme, Annex 1.1)

Objectives:

- support the career development or restart through competence diversification (multi- or interdisciplinary expertise, intersectoral experience, complementary skills...)
- reach and/or reinforce a position of professional maturity/independence
- Duration: 1-2 years
- the research project should help to significantly advance the career and should not represent a temporary solution
- Individual applies together with the host institution

Objective:

reinforce the international dimension of your research career and advance your career in Europe towards professional maturity and independence: acquire new competences (multi- or interdisciplinary expertise, intersectoral experience, complementary skills...)

- Duration: 1-2 years outgoing phase + 1 year reintegration phase in MS/AS (mandatory)
- Third country nationals (not from EU Member States or Associated States) are eligible to apply if they have resided and carried out their main activity in MS/AS for at least the 5 years prior to the submission deadline
- Mobility rule applies to the outgoing host organisation
- Individual applies together with the return host institution

Objectives:

- reinforce scientific excellence of EU MS/AS
- share knowledge and develop mutually beneficial research cooperations
- Duration: 1-2 years + possible return phase for nationals from ICPC countries: support for the application of the acquired knowledge in the country of origin
- Individual applies together with the host institution

- Monthly living allowance * country correction coefficient
- Monthly mobility allowance * country correction coefficient
- Contribution to the training expenses of eligible researchers
- Contribution to overheads * country correction coefficient

You can find the applicable rates in Annex 3 (p. 65) in the 2013 People work programme.

A married* IEF-fellow, 8 years** after his PhD, goes to Israel***:

<i>Fellow:</i>	<i>Living allowance:</i>	$58.500 \text{ €} \times 109,8 =$	64.233,00 €
	<i>Mobility allowance:</i>	$12.000 \text{ €} \times 109,8 =$	13.176,00 €

Structure of an application

A – Information on the proposal, the researcher, the host, the budget (forms)

Always use the latest version of Work Programme and Guide for Applicants which are available once the call is published!!!

The image displays a stack of application forms for the Marie Curie Actions. The forms are titled 'A1: Summary', 'A2: Participants', and 'A3: Participants'. They contain various sections for providing information about the proposal, the researcher, and the host organization. The forms are numbered 1 through 7, indicating a sequence of steps in the application process. The forms are also labeled with 'Marie Curie Actions' and 'Research Executive Agency'.

The EU-Office can help you to fill in these forms!

B – Scientific proposal

Always use the latest version of Work Programme and Guide for Applicants which are available once the call is published!!!

Part B		Max. pages
Part B1	Research and Technological Quality	8
Part B2	Training	2

The EU-Office can check your proposal and assist you with the non-scientific parts!

Part B5	Impact	4
Part B6	Ethical issues	no max. length

You can find a detailed structure in the Guide for Applicants. Please register at the Participant Portal, choose the specific call and use the electronic template which is available via the Participant Portal Submission Service (PPSS) > Part B must be uploaded in pdf.

Additional: You can nominate up to three „referees“ via PPSS once you have registered.

Evaluation of fellowship (IEF)

- criteria depend on the funding scheme and are linked to its objectives

- scores: 0 (fails) – 5 (excellent)

IEF criteria and their weightings + thresholds:

- **S & T quality**: weighting: 25%, threshold: 3

- **Training**: weighting: 15%, threshold: 3

- **Researcher**: weighting: 25%, threshold: 4

- **Implementation**: weighting: 15%

- **Impact**: weighting: 20%, threshold: 3.5

Publication of call: 14 March 2013

Deadline: 14 August 2013

Evaluation of proposals: October 2013

Evaluation summary report (ESR) sent to proposal coordinators („initial information letter“): end of Nov 2013

Horizon 2020:

Framework programme for research and innovation 2014-2020

- Industrial Leadership
- Societal Challenges
- **Excellent Science:** reinforcing and extending the excellence of the EU's science base and consolidating European Research Area to make EU's Research & Innovation system more competitive on a global scale
 - *Marie Skłodowska-Curie Actions*
 - *ERC*
 - *Future and Emerging Technologies (FET)*
 - *Infrastructures*
 - *Research Infrastructures*

Preliminary information

Individual Actions

- **Marie Skłodowska-Curie Fellowships:** nurturing excellence by means of cross-border and cross-sector mobility (IEF, IOF, IIF)

Host driven Actions

- **Initial Training Networks:** training of early-stage researchers (ITN)
- **International/Intersectoral transfer of knowledge:** stimulating innovation by means of cross-fertilisation of knowledge
 - personnel exchange programmes between sectors, countries and disciplines
- **COFUND:** funding to existing or new regional and national fellowship programmes for research training and career development of European host institutions

*Call is expected
at the end of 2013/beginning 2014
Expected Deadline is spring 2014*

Frontier Research:

- provides attractive and flexible funding to enable talented individual researchers and their teams to pursue the most promising avenues at the frontier of science
- research in emerging areas which can cover elements of both basic and applied research. Projects are „**high-risk high-gain**“.

Objective: reinforce excellence, dynamism and creativity in European research, **improve the attractiveness of Europe**

Preliminary information

- support of “Individual teams” (Principal Investigator and her/his research team)
- all fields of research are eligible
- scientific excellence as the sole criterion for selection
- PI applies together with host institution
- host institution commits to conditions of independence for PI
- research project must be carried out in EU member state or Associated country
- “portability” of grants
- Grant covers 100% of total eligible costs + up to 20% for indirect costs

- researchers of **any age, any nationality**, residing in any country of the world at the time of application
- researcher must be at the stage at which s/he is starting or consolidating her/his own **independent research team/programme**
- PI must have been awarded his/her first PhD (or equivalent doctoral degree) at least 2 and less than 12 years prior to the publication date of the call for proposals (extensions possible for eligible career breaks)

Preliminary information

- you must have already shown the **potential for research independence** and evidence of scientific maturity: at least one important **publication** without the participation of your PhD supervisor
- you must be able to demonstrate a promising **track-record of early achievements** (appropriate to your research field and career stage):
 - **significant publications (as main author)** in major international peer-reviewed multidisciplinary scientific journals, or in the leading international peer-reviewed journals in your respective field
 - **invited presentations** in well-established international conferences
 - **granted patents, awards, prizes** etc.

Preliminary information

- **ERC Advanced Investigator Grant:** attract and reward established independent research leaders
- **ERC Starting Independent Researcher Grant:** attract and retain the next generation of independent research leaders with over **2 and up to 7 years research experience** after doctoral degree (the exact date on the certificate is relevant)
- **ERC Consolidator Independent Research Grant:** attract and retain the next generation of independent research leaders with over **7 and up to 12 years** after doctoral degree
- **ERC Proof of concept**
support for ideas arising from Starting Grant/Advanced Grant projects => transfer into marketable innovation

Preliminary information

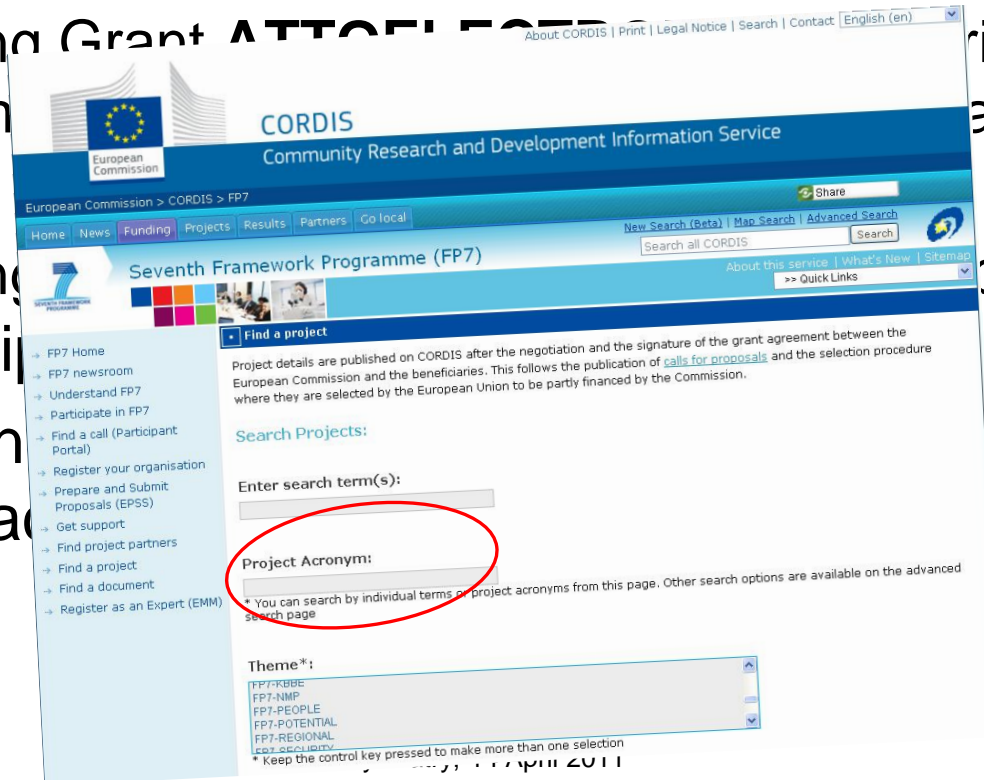

Current ERC Starting Grant projects at MPI of Quantum Optics:

- Starting Grant **CREMA**: Charge Radius experiment with muonic atoms

- Starting Grant **ATTOL**: ...ring electrons ...aveforms of ...

- Starting Grant **...**: ...ectroscopy

- Starting Grant **...**: ...amics ON
