

# MCOQST

Munich Center for Quantum Science and Technology

## *Distinguished Lecturer*

Distinguished Lecturer

**Mikhail Lukin** (Harvard)

**12** May 2022, 16:40 | Max Planck Institute of Quantum Optics / Online

**Exploring Topological Matter and Lattice Gauge Theories  
Using Programmable Quantum Simulators**

Seminar for specialists working in the same field (*advance registration required*)

**16** May 2022, 19:00 | Literaturhaus München

**New Frontier of Quantum Science and Engineering**

Public talk for anybody curious about quantum science (*advance registration required*)

**17** May 2022, 14:30 | Max Planck Institute of Quantum Optics / Online

**Exploring New Scientific Frontiers Using Programmable Atom Arrays**

Colloquium talk for a broad scientific audience
